Two University of Chicago Professors Pay Respects To

FOUNDER OF INSTITUTION.

One of Them Declares Defense of the Standard Oil Company in the Case in Judge Landis' Court Both Weak and Cowardly.

Chicago, Aug. 8.—John D. Rockefeller, founder and supporter of the University of Chicago, was bitterly attacked by Professor Charles Zueblin of the department of sociology of that institution. A similar attack was made by Professor Bushnell Washington, who declared the whole world is turning to socialism in an effort to escape the burdens that have been piled on it by the class to which Rockefeller belongs.

Professor Zueblin was greeted by a large audience when he appeared at Kent theater to deliver his second lecture. Not only did he express emphatic opinions about the head of the oil combine, but also criticized the Standard Oil company itself. He declared the defense made for the big corporation in the recent case in which it was fined \$29,240,000, that it only committed an offense that was common in business, was weak and cowardly. Rockefeller, Morgan, Harriman and other trust magnates, he said, "are doing more to make socialism possible than its most zealous adherents. They consolidate industries and thereby simplifying the process for state ownership, which constitutes socialism."

MANY MASSACRED.

Starvation Is Said to Prevail at Casa Blanca.

Tangier, Aug. 8.—Many persons were massacred on the streets of Casa Blanca. The city is said to be full of dead Moors and Moorish quarters in ruins, having been set on fire by shell from the big guns of the cruisers. All stores are closed and much hunger and distress prevail among the poor. Foreign consuls have ordered stores to be reopened and have established a special tariff for foodstuffs, designed to mitigate the sufferings of the poor. Europeans, who all safe, either on board ships or at consulates, are guarded by blue jackets. Warships continue to drop occasional shells into groups of Kabyles on the beach in order to prevent them from approaching to town.

Advices from Pahlavi say the Kabyles have given the governor a fortnight in which to withdraw French controller of customs. Otherwise they say they will attack the town.

Activity among Andjerras tribesmen near Tangier is creating some apprehension that a surprise attack may be made on the city.

MANY JEWS KILLED.

Greater Part of One Town Destroyed During Bombardment.

London, Aug. 8.—A special dispatch from Tangier says the greater part of Mazagan was destroyed by bombardment, but the consulate was not injured. It is reported that during the shelling of Mazagan Moors attacked Jewish quarters of the town and killed many persons.

STATUE OF DAVIS.

Will Be Near Where He Took the Oath of Office.

Montgomery, Aug. 8.—The Alabama legislature, which adjourned Wednesday night, passed an act providing for the erection of a monument to Hon. Jefferson Davis. It will stand within a few feet of the place here he received the oath of office and just in front of the capitol.

A bill also became a law providing for the anniversary celebration of the battle of Horseshoe Bend, where Andrew Jackson broke the back of the Indian wars.

WILLIAMS NOMINEE.

His Majority Was Six Hundred and Forty-Eight Over Vardaman.

Jackson, Miss., Aug. 8.—The Democratic state executive committee met at noon Thursday and declared Congressman Williams to be the party nominee for the United States senate. The canvass of the returns showed a majority of 648 votes for Williams, 59,496; Vardaman, 58,848. The motion to declare Williams the nominee was seconded by friends of Governor Vardaman.

ATE TOADSTOOLS.

Dr. Dinsmore Expires and Four Others Are Passing Away.

Wheeling, Aug. 8.—Dr. C. P. Dinsmore died and four others are dying from eating toadstools for mushrooms at Deep Valley, W. Va. The dying: Thomas Dinsmore, son of Dr. Dinsmore; Sarah Dinsmore, niece; Mrs. Jennie Dinsmore, sister-in-law; Frank Roberts, a farm hand. Dr. Dinsmore gathered what he thought mushrooms and the family partook heartily of them. They became sick shortly afterward.

Terrible Accident Takes Place at Crossing.

FOUR PERSONS ARE DEAD.

Vehicle Was Squarely on the Roadbed Before Driver Was Aware a Rapidly Train Was Approaching and Awful Was the Ensuing Catastrophe.

Allenhurst, N. J., Aug. 8.—Four persons, employees of the Norwood House, were instantly killed Wednesday night when their carriage was run down by a Pennsylvania passenger flyer known as the Bankers' Special at the Corlies avenue crossing here. They were: Thomas Edwards, a driver and Loretta Grace, Jennie McDonald and Hannah Murphy, waitresses.

Edwards had stopped his team at the drawn up at the crossings and the train, drawn up at the station, blocked the road. As the excursion train drew out Edwards started his horses, and the carriage was squarely on the rails when the flyer, southbound, and the approach of which had been hidden by the opposite moving special, tore across the road. Horses, carriage and occupants were ground to bits, the bodies of Edwards and the woman being frightfully mangled.

FIVE DEAD.

Three Were Killed Outright and Two Soon Expired.

Pittsburg, Aug. 8.—Five are dead as a result of an accident to the Titusville express at Kelly Station on the Buffalo and Allegheny Valley division of the Pennsylvania railroad. Three were killed outright, one died a few hours after being taken to the Kittanning hospital and Frank W. Critchlow of Titusville died some hours afterward.

Nineteen of the injured are still in the Kittanning hospital, but no more deaths are expected.

FEW TREES REMAIN.

Scores of Frame Buildings Demolished at One Place.

Winona, Minn., Aug. 8.—The most violent wind and rain storm ever known in this section passed over southern Minnesota. Scores of frame buildings in Winona were wrecked. Scarcely a shade tree remains undamaged. Railroad traffic east of here is suspended owing to washouts. A Green Bay passenger train was wrecked by the wind east of Winona, two coaches being carried a distance of eight feet. E. Richenhausen of Sparta, Wis., a passenger, and W. Schulte of Marilla were seriously injured. Several hundred feet of track of the Chicago and Northwestern railroad north of Trempaleau was washed out.

Considerable Damage.

St. Paul, Aug. 8.—Rain, hail, lightning and severe wind storms, the latter approaching in severity a tornado, did damage in Minnesota, Wisconsin and northern Iowa, which at present is incalculable owing to the telegraph and telephone lines being badly crippled.

POLICEMAN ARRESTED.

Charged With the Assassination of City Editor Scott.

Helena, Ark., Aug. 8.—Former Policeman Ben Curruth was arrested here charged with the assassination of J. M. Scott, city editor of the Helena World, Sunday morning. Curruth denies the charge, but the police claim to have strong circumstantial evidence against him. Curruth was a member of the police department at the time the entire force was compelled to resign upon the demand of the citizens' mass meeting, following the charges of graft by the World. The arrest created intense excitement and caused a sensation no less greater than the murder.

Six Prostrations.

Kansas City, Aug. 8.—Six persons were prostrated by the heat here Wednesday. The maximum temperature of 93 degrees was accompanied by great humidity, making this the most uncomfortable day of the summer.

Seven at St. Louis.

St. Louis, Aug. 8.—Seven prostrations were reported Wednesday night from the heat. The thermometer registered only 89 degrees, but the humidity made suffering great.

All Out but One.

Los Angeles, Aug. 8.—All operators employed in the Los Angeles office of the Western Union Telegraph company walked out Wednesday afternoon. It is stated but one remained at the operating department. There was no previous intimation of a strike.

Cause of Walkout.

Los Angeles, Aug. 8.—Operators nearly seventy in number, walked out because the Western Union refused to reinstate a discharged member of the Commercial Telegraphers' Union of America. Five men are working.

The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, AUGUST 8, 1907

An exchange notes that a negro at Hempstead got fifty dollars damages because oil used by the railroad as fuel soiled the feathers of his chickens. This is not a tip, however, for anybody to go to feeding chickens on the railroad track.

Patronize home dealers and employ home labor, and you keep your money at home where you have a chance to get it back. The story of the man who marked a dollar bill and got it back several years in succession, only to send it finally to a mail order house where he never heard of it again, was published in the Eagle a few days since and aptly illustrates this point.

The epidemic of dengue fever at Brownville has caused State Health Officer Brumby to issue a warning order to clean up and be cautious, as yellow fever might follow. He requests the screening of cisterns, draining and oiling places where water stands. This is good advice even without the possibility of yellow fever. There is said to be no yellow fever in Mexico, which is a hopeful condition.

Gov. Campbell in an address before the Farmers' Union state meeting at Fort Worth, said there will be no called session of the legislature unless for the purpose of mending cracks in the laws passed by the legislature, should these result from the action of either federal or state courts. He said most of the legislation was wise and for the benefit of the people generally, and that it was there to stay as long as he had any say in the matter.

In the general criticism of the last legislature people seem prone to forget this same legislature put a stop to gambling, closed up the bucket shops, prohibited drinking on trains, cinched the Sunday law, knocked out the free

pass, made it a misdemeanor for a man to fail to support his wife or dependent children, and adopted other measures that are having and will continue to have a salutary effect. True, the anti-pass law is one of the principal sore places, but it will be all right when the boys get used to it.

There is the beginning of a great industrial awakening in Italy. Factories of all kinds are being built. In Naples, a cotton factory is in course of construction which, it is said, will employ two thousand people. The population in many of the agricultural districts has been so reduced by emigration that those remaining are getting much better wages than formerly. In some sections of the south, I understand, reapers, mowers and other improved farm machinery are being used. Since my last letter, I have seen two threshing machines at work.—H. W. Sumners in Farm and Ranch.

A peanut factory will be built at Terrell, Texas. A contract has been signed by which citizens will furnish a brick building for three years free of cost, with privilege of buying at the end of that time if the operators see fit. The factory will have a capacity of 1500 bushels of peanuts per day. The Barnhart Mercantile Co., of St. Louis is behind the factory.—Farm and Ranch.

The Eagle would be glad to see Brazos county go in for raising peanuts on a large scale, the lands being most admirably adapted to this crop. No county in the state has better opportunity for raising hogs and peanuts than Brazos county, and in due time Bryan might very well have a peanut factory.

PEANUT GROWERS TO MEET.

There will be a meeting of the peanut growers at Paris, Texas, August 10 for the purpose of organizing those directly interested in this rapidly growing crop. At Paris there is a peanut factory—one of the three in operation in Texas. Mr. Williams, the manager of this factory, is the prime mover for the organization of this

new association. In conversation with him recently he said that the rates on cleaned peanuts from Texas points to the markets north and west are such as to place the Texas grower at great disadvantage and to allow the growers in Virginia to compete with the Texas growers in states much nearer Texas than Virginia. This is a matter of inter-state commerce and needs to be changed from its present unfair condition. This will be one of the most important matters to come before the meeting. We advise those communities that now grow a considerable acreage of peanuts to select a man or two and send them to Paris and get all the good possible from the meeting.—Farm and Ranch.

FARMERS' CONGRESS.

The tenth annual session of the Farmers' Congress held at the Agricultural and Mechanical College on July 23, 24 and 25, was the best session yet held.

There was more interest shown by those in attendance, and the method of handling the various subjects better than ever before.

I had some doubts about the attendance being large on account of the abolition of the free pass, but was agreeably surprised to see fully 600 intelligent people present. Those attending were there to learn and devoted their time closely to a study of the subjects discussed.

The officers and program committee deserve much credit for the excellence of the program, especially for the substitution of demonstrations for the customary long-winded papers and addresses.—Southwestern Farmer.

GOLDEN WEDDING ANNIVERSARY.

Mr. and Mrs. D. Mike of this city reached the fiftieth anniversary of their marriage on August 5. They were married in Franklin county, Arkansas, a half century ago, and moved to Bryan in 1867. Mrs. Mike was formerly Miss Mary Tucker. Thirteen children were born to them, all of whom lived to be grown, and eleven are still living. Both are still enjoying good health and their friends wish for them many more happy returns of the day. To the affection and hospitality of their home life they have added friendship and neighborliness and are held in high esteem. Mr. Mike was among the pioneer business men of Bryan and has had a long career in merchandising.

ANOTHER GAME FROM THORNTON.

Bryan easily took the second game from Thornton yesterday afternoon and run up the score to 11 to 1. McDonald was in the box and Menifee did the relieving. Randle and Anderson pitched for the visitors with Gray behind the bat. McDonald struck out fifteen men and Anderson two. Gordon and Tabor made home runs, Nunn got a three bagger and Menifee a two base hit. Bryan was credited with three errors and Thornton with five. The third and last game will be played this afternoon.

It has been definitely arranged that Calvert will be here for two and possibly three games the latter part of next week.

Highest Price in Five Years.

South Omaha, Neb., Aug. 8.—Fat cattle reached the highest point Wednesday at which they have been sold for five years, a shipment of 1,500-pound corn fed steers being sold at \$7.30. This price was equaled last in 1902.

Confederates Invite Frantz.

Guthrie, Aug. 8.—Governor Frantz has been invited to attend the reunion of Confederate Veterans of Indian Territory and Oklahoma to be held in McAlester Aug. 20, 21 and 22. Five of his uncles were in the Confederate army.

Indian Murdered.

Green Bay, Wis., Aug. 8.—Alfrus Cornelius, an Indian, was found dead on South Broadway with his neck broken and a deep gash in his head. There is evidence of murder, and an investigation has been ordered by District Attorney Reynolds.

Expires From Own Bait.

Union Springs, Ala., Aug. 8.—Reuben Buchanan, a farmer near here, put poison in some of his melons to catch a thief. Forgetting which ones were infected, he got one by mistake, ate it and died.

COLQUITT'S COMMENT.

Petition of Farmers' Union He Favored Hearing.

Austin, Aug. 8.—Railroad Commissioner Colquitt gave out his dissenting opinion on the proposition to grant the petition of the Farmers' Union for a hearing on the question of making a reduction of 10 cents on ten pounds of cotton in favor of the round bale. The commission had refused to grant a hearing and Colquitt dissented, favoring the proposition. His statement is also in the nature of an answer to the opinion of Commissioner Storey, printed last Sunday.

Commissioner Colquitt contends that there is a wide difference between the nature of the Farmers' Union's petition and the case of Weld & Neville, decided by the supreme court. Then it was it was the round bale bale people who wanted a reduction. Now it is the farmers. The latter get the benefit. By the action of the commission in refusing to grant the petition, the commission says a gross injustice has been done to the farmers of north Texas. Mr. Colquitt maintains that instead of the action of the commission being a blow at the round bale monopoly it upholds the square bale compress monopoly and leaves the round bale monopoly in the hands of the present owners of the patent.

As the result of the hearing on the commission's bookkeeping system for railroads, a new order is being prepared which modifies to a considerable extent the original order. The new order is believed to be acceptable to the railroads.

The commissioner of insurance granted a permit to the Volunteer State Life Insurance company of Chattanooga, Tenn., to do business in Texas.

FATALLY BURNED.

Two Little Children Succumb to Dreadful Injuries.

Frisco, Tex., Aug. 8.—On the Bishop farm, four miles south of Frisco, two children of W. E. Rickard were so badly burned that the two-year-old girl died during Tuesday night, and the boy aged seven, died at 3 o'clock Wednesday morning. Mrs. Rickard was also painfully burned trying to save the children. The house and contents were totally destroyed. The fire was caused by the children trying to start a fire in the stove with coal oil.

AFFECTING SCENE.

Sermon of Dallas Clergyman Caused Tears to Be Shed.

Corpus Christi, Tex., Aug. 8.—The sermon by Rev. George W. Truett of the First Baptist church of Dallas is the talk of the Epworth League encampment. Men, women and children were in tears at the conclusion of his discourse on "Consecrated Personality in God's Service," from the text from Chronicles Amaliah willingly offered himself unto the Lord.

"SNAKE" DAVIS SHOT.

Deed Was Done at Shreveport by Beatrice Greenfield.

Shreveport, La., Aug. 8.—Charles ("Snake") Davis, whose mother resides at Mineral Wells, Tex., was shot by Beatrice Greenfield, who lives on Beauregard street. The woman claims that Davis several months ago held her while a negro beat her and that Wednesday night Davis visited her home and hit her with a club and revolver. Davis was shot through the abdomen. He is unconscious and expected momentarily to die.

BIG LUMBER BLAZE.

About One Hundred Thousand Feet Destroyed at Groveton.

Groveton, Tex., Aug. 8.—At 1 o'clock Thursday morning fire broke out in the dry kiln of the Trinity County Lumber company and before it could be checked destroyed the kilns and their contents, consisting of about 100,000 feet of lumber, also several sheds and lumber runs. The loss is estimated between \$15,000 and \$20,000, partially covered by insurance.

STABBED TO DEATH.

Five Times Knife Blade Penetrates Body of Negro.

Dallas, Aug. 8.—In a difficulty on Houston street Thursday morning George Reed was stabbed to death. Five times was a knife inserted in his body. Will Wheeler, another negro, was placed in jail.

Charged With Fighting.

Fort Worth, Aug. 8.—Fort Worth's wealthiest resident, Winfield Scott, is charged with fighting and his case has been set for trial in police court Saturday morning. The complaint follows an altercation between himself and Charley Hicks, in the rotunda of Hotel Worth.

Death Due to Apoplexy.

Fort Worth, Aug. 8.—J. R. Chilcoat of Terral, I. T., was found in the Texas and Pacific station Thursday morning in a dying condition. He was taken to a local hospital, where he died soon after. The coroner's verdict was that death was due to apoplexy. His mother lives at Longview.

Street Workers Strike.

Denison, Aug. 8.—About 100 workmen who were to have commenced work paving Main street went on strike, demanding \$2.50 per day instead of \$1.50. The Mexicans offered to work, but were persuaded to quit.

Grain Elevator Consumed.

Baltimore, Aug. 8.—Baltimore and Ohio elevator and contents burned. Loss may reach \$200,000.

CRIMES OF PRIEST.

Shoots Two Brothers, One Dead and Other Dying.

Pittsburg, Aug. 8.—Ludwig Sezegiel, said to be an unattached Polish priest, of Chicago, walked into the South Side hotel Thursday and without warning it is said, shot and fatally wounded the two brothers, proprietors of the place, named Stephen and Andrew Starzynski. Stephen died within an hour and physicians say Andrew cannot recover. The cause of the shooting is a mystery. Sezegiel, who was arrested, maintains a sullen silence and nothing could be learned from either of his alleged victims.

Not Known at Chicago.

Chicago, Aug. 8.—The name of Ludwig Sezegiel does not appear in the city directory and inquiry among clergymen of Polish churches failed to reveal anybody who knew him.

Bombs Seized.

Moscow, Aug. 8.—The police have searched imperial technical schools and discovered a central revolutionary laboratory for the manufacture of bombs of new pattern and tremendous explosives, regular supplies of which are being shipped to various interior points. The police seized a number of bombs, 600 time fuse appliances, typographic outfit and some forbidden literature and arrested twenty male and female members of schools.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional. Both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, ceases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Fry Preventics, At My Risk With Book on Colds.

Just to prove merit—to show you how quickly Preventics can—and will check colds or the Grippe—I will mail you free on request these samples and my book. Simply address—Dr. Shoop, Racine, Wis. Preventics are thoroughly harmless little Candy Cold Cure tablets. No Quinine, no astringent, nothing sickening whatever. To check early Colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is surely safer than to let it run and be obliged to cure it afterward. Preventics will however reach a deeply seated cold. But taken early—at the sneeze stage—they break or head off these early colds. That is surely better—that is why they are named "Preventics." Promptness however is all-important. Promptness in the use of Preventics may save half your usual sickness. Feverishness, night or day, with child or adult, suggests the need of Preventics. Write Dr. Shoop, Racine Wis., today for samples and booklet. Preventics are sold by

NO SPECIAL SESSION.

Governor Campbell So States in Course of Speech.

Fort Worth, Aug. 8.—Governor Campbell addressed the Texas Farmers' Union Wednesday. He defended the work of the Thirtieth legislature, saying it had responded to Democratic platform demands. He denied that a special session would be called to undo any legislation. The governor spoke for two hours, and when he finished held an impromptu reception.

Report of the secretary-treasurer states the membership is nearly 200,000, divided into 5,000 unions in 150 counties.

In his annual report President Calvin declared the advent of warehouses all over the cotton belt means much good for the farmers, declaring the latter will be able to fix the price of the fleecy staple. "Sell no cotton in seed," he urges.

CHINAMEN CAPTURED.

Eleven Celestials Had Succeeded in Crossing the Rio Grande.

El Paso, Aug. 8.—Eleven Chinamen who had succeeded in crossing the Rio Grande four miles west of El Paso were captured in the rear of the eastern grill on El Paso street, a Chinese restaurant. In company with the Chinese were Mar Chew, the proprietor of a restaurant, and one of the wealthiest Chinamen in the southwest, and a man known as the "Jew Kid."

The immigration officers say that they met the Chinamen and brought them to the city in a hack. A railroad watchman is also implicated, a box car filled up with bedding and provisions of the Chinamen being ready for their reception. Thirteen other Chinamen caught here are under sentence of deportation.

Seven Japanese who swam the Rio Grande at Bonquillas, 200 miles east of here, were brought here and lodged in jail.

TRIES TO KILL WIFE.

Turning Weapon Upon Himself, H. I. Twyman Is a Corpse.

Brownwood, Tex., Aug. 8.—H. I. Twyman attempted to kill his wife here by shooting at her four times. He then turned the weapon upon himself, sending a bullet crashing through his brain, and died almost instantly. The woman received one wound through the shoulder, and will recover. Twyman and his wife had not lived together for some time. He arrived here Wednesday morning on a Santa Fe train, went immediately to the house where his wife was staying, which was near the depot, and asked to talk with his wife. Upon being refused he fired at her.

WONDERFUL METEOR.

Presented Appearance of Comet About the Size of a Football.

El Paso, Aug. 8.—A remarkable meteor was seen here at 4:13 Wednesday morning, slowly moving across the heavens from the southwest, disappearing in the northeast at 5 o'clock. It presented the appearance of a comet about the size of a football, with a tail apparently fifty feet long, from which showers of meteors fell continuously. The ball was of a greenish yellow color, while the tail was white.

To Stop Piles Try This.

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles.

General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone. Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers". Even then, in old chronic cases, originating because of a torpid liver, with biliousness, I prescribe my Dr. Shoop's Restorative internally while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value as an aid to Magic Ointment in the treatment of obstinate cases of piles. None genuine without Dr. Shoop's name on the package. Sold at 50 cents by

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggists recommended and sell.

ASSAULTED BY NEGRO.

Nashville Lady Is in a Dangerous State as Result.

Nashville, Aug. 8.—Mrs. John Walsh of 308 Seventeenth avenue is in a dangerous condition from fright caused by an experience with a negro. Attracted to her back yard at a late hour by an unusual noise, Mrs. Walsh encountered an unknown negro, who she claimed attempted to assault her. Her screams brought help, and the negro ran. A prompt search was instituted, and soon Abe Sanders, a negro, who had been drinking, was arrested and taken before Mrs. Walsh, who identified him as her assailant. The negro asserts his innocence, but there are conflicting stories.

BARNEY'S BONES.

Skeleton of Man Long Missing Said to Have Been Found.

Telluride, Colo., Aug. 8.—What is said to be the skeleton of W. J. Barney, a timberman, employed in the Smuggler-Union mine, who mysteriously disappeared in June, 1901, was exhumed near Alta Mill twelve miles from town, by Bulkely Wells, manager of the mine, and others. According to Wells' account the remains were found in an improvised grave and the location pointed out by Steve Adams, now in jail in Idaho, awaiting second trial on charge of murder.

Over 10,000 persons attended the carnival at Rule, Haskell county, Texas.

J. H. Gean's Texas Midland brake-man, crushed between cars at Terrell, expired.

Only thirty votes were cast at Texarkana in constitutional amendment election.

First National bank of Turnersville, Tex., capital stock \$25,000, has been organized.

Judge Daniel Moran, an aged man, was found dead in his corn field near Enid, Okla.

By the explosion of a gasoline stove at Enid, Okla., Mrs. Nora Goodrich lost her life.

Arkansas Farmers' Union, in session at Conway, has 1,831 local unions and 78,085 members.

Grandma W. H. Kyser, eighty-four years old, a resident of Kaufman, Tex., half a century, is dead.

Night riders wrecked a thrasher in Montgomery county, Tennessee. The owners belong to the Tobacco association.

Out of 280 applicants at Galveston for saloon licenses only 185 have been granted. One applicant had but five signatures to his application.

During the Republican county convention at Muskogee two delegates had a fight. One was knocked down. Storm sewers extension at Lawton, Okla., will cost \$32,962.

TOOK FOURTEEN INNINGS.

Boston Americans Defeat the Chicago Champions.

Boston defeated Chicago Wednesday in fourteen innings. The visitors secured their run in the third on a hit and two errors after Unglaub had tripped in the ninth, and Manager Jones took Altruck out. His work had been excellent up to that time. Ferris then hit Walsh for a single, tying the score. In the fourteenth inning Ferris again hit safely, took second on a wild pitch and scored on Wagner's hit. The score was 2 to 1. Young pitched for Boston.

Philadelphia, 4; Detroit, 2.
 Washington, 7; Cleveland, 2.
 St. Louis, 8; New York, 4.

AUSTIN AT TOP.

Club of That City Heads Texas Baseball League.

Austin defeated Temple Wednesday 2 to 0. This is the fourth successive shutout for Austin, and she is also the league leader, as Fort Worth triumphed over San Antonio 7 to 3.

Galveston, 7; Dallas, 4. With the score at the beginning of the ninth game 4 to 3 in Dallas' favor the Galveston team secured four runs after two men were out.

CRITICISES STATES.

There Cannot Be Too Much Federal Regulation, Says Grosscup.

Chicago, Aug. 8.—Judge Peter Grosscup of the United States circuit court, while addressing the Traffic club at the Exmoor county club, severely criticised the states for interfering with Federal authorities in matters of interstate traffic. "Federal courts," he said, "retain authority over interstate commerce, and the right to regulate and control it despite frantic efforts which are made in several parts of the country by state authorities to deprive them of that right."

NEGRO DIVINE DIES.

One of the Most Noted Men of His Race in the South.

Lexington, Ky., Aug. 8.—Rev. S. E. Smith, pastor of the Colored First Baptist church of this city, died of acute indigestion, an illness resulting from worry over dissensions in the church six weeks ago.

He was one of the most noted negroes in church and political circles in the south. Rev. Smith was delegate from the state at large to the Cincinnati, Chicago and St. Louis Republican conventions, and nominated H. Clay Evans of Tennessee for vice president at St. Louis in 1896. He was appointed by Governor Bradley to represent Kentucky at the Tennessee Centennial exposition in 1897, and was national grand secretary of the Order of Good Samaritans.

SEVEN SENT.

That Number of Railroad Engineers and Mangers Have Come.

San Francisco, Aug. 8.—In pursuance of its yearly custom to send representatives to visit foreign countries and commercial and manufacturing centers of the world the Japanese government sent to America this year seven prominent railway engineers and managers to study our latest railroad methods and improvements. The Nippon Maru brought three Japanese railroad engineers, two railroad managers, one harbor engineer from the financial department of the Japanese government and one steamship operating engineer.

"JACK THE SMEARER."

Man Who Has Ruined Numerous Pretty Gowns Confesses.

Indianapolis, Aug. 8.—After more than three years' search by the police, "Jack the Smearer," who has ruined hundreds of pretty gowns, is under arrest and has made a full confession, the police say. He is an enigma to the police, for he is an art student who appears to be aspiring to better accomplishments. He is William R. Gadd, 30 years of age, and he can give no reason for his acts. As some women were getting on a car late last night a stranger drew his hand from his pocket and threw something on one of the gowns. The officers grabbed the stranger and found they had the man they had been hunting for.

Terribly Maimed.

Mineral Wells, Tex., Aug. 8.—A premature explosion of dynamite occurred at one of the railroad camps north of Mineral Wells, blowing both legs and one arm off of Jim Campbell, a laborer, about thirty-five years old and unmarried. He is resting well, and it is thought he will live. Campbell's home is at St. Joseph, Mo.

Lasted Forty-Eight Hours.

Tangier, Aug. 8.—The bombardment of Cassa Blanca by French cruisers lasted forty-eight hours. The native quarters were much damaged. Additional French forces have been landed.

MILLIONAIRE MOBBED.

Automobile Accidentally Went Over a Boy.

Chicago, Aug. 3.—Mobbed by farmers after his big touring car accidentally ran over a little boy, S. B. Chapin, a millionaire broker, and two women companions, one of whom was Mr. Chapin's wife, are said to have been driven from an automobile in vicinity of Deerfield, Ill., and forced to stand and look on while the automobile was incinerated in a big bonfire farmers built under it, and then compelled to walk two miles through the country before they could find an accommodating driver who would take them to Moraine hotel in Highland Park. It is said after the enraged farmers burned the big automobile they jeered the members of the party, refused to furnish them a conveyance with which to return to their homes and declined even to sell a horse and vehicle at any price. The running down of the boy is said to have been entirely accidental.

HUNTER CHAIRMAN.

Bitter Opposition Made to Him by a Number of Delegates.

Tulsa, Aug. 3.—The Republican state convention adjourned right after electing Charles W. Hunter, sergeant of the Rough Riders under Theodore Roosevelt, chairman of the Republican state central committee. Although he was the choice of Governor Frantz, Hunter was bitterly opposed by a large number of delegates. Indeed, the strong effort to defeat Hunter was the feature of the convention, and caused its long sitting, there being no sharp contest for any nomination and little disagreement over the platform. Candidates for state offices, as selected, are:

State Superintendent of Public Instruction—Calvin Ballard of McAlester.

State Examiner and Inspector—J. S. Fisher of Texas county.

Labor Commissioner—A. D. Marlin of Oklahoma City.

Insurance Commissioner—Michael Burke of Perry.

Charles Rogers of Vintha, in charge of the resolutions committee, read the platform. Much of it was devoted to praise of the Republican national policies. It declared for a "stand pat" tariff policy. The platform attacked the Democratic party for "its greed and narrowness" in framing the Oklahoma constitution and called the nominee of the Democrats for governor, C. N. Haskell, "a treacherous and slippery boss."

"ASHES TO ASHES."

Distinguished Men and Women at the Funeral of St. Gaudens.

Cornish, N. H., Aug. 8.—Attended by artists of note from many parts of the east the funeral services over the ashes of Augustus St. Gaudens were held in the small studio of the late sculptor's home, "Aspect." Beautiful floral emblems from many societies and distinguished men and women testified to the honor and esteem in which St. Gaudens was held. The services were conducted by the Rev. O. B. Emerson, a retired Unitarian clergyman of Cambridge, Mass. The body had been cremated.

Lightning Kills Two.

Rome, Ill., Aug. 8.—A heavy thunderstorm swept over this section and lightning killed Franklin Henderson and Peck Roberts. Three men in a wagon were knocked senseless by lightning. Two homes were destroyed at Tower Hill and at Nakomis the Catholic church was almost demolished. A section of the Big Four tracks was washed out.

Transport Departs.

Algiers, Aug. 6.—The French transport Nice sailed for Morocco with detachment of sharpshooters and light cavalry.

Three Killed, Two Injured.

Jackson, Mich., Aug. 3.—Three ladies were killed and two persons were injured when a suburban trolley car struck an automobile here. The dead and injured all belong in this city. The dead are: Mrs. Levi Palmer, Miss Bernice Oliver, Mrs. Pulver. The injured: Mr. and Mrs. Oliver.

Slight Lead For Vardaman.

Jackson, Miss., Aug. 3.—At 2:30 o'clock Saturday morning the relative standing of the senatorial contestants was unchanged, Vardaman having a slight lead.

THERE is no fairer country
or more delightful climate
on earth than that of Colorado
during the heated term.

Hundreds of places of interest
to the sight-seer engage his attention
and interest him, while at the same time he is fanned
by cooling breezes, rich in life-giving ozone, fresh from the realms of perpetual snow.

The entire State is a mass of picturesque scenery, affording an endless delight to those who are interested in the sublime vagaries of Nature, for in Colorado Nature seems to have exhausted herself in the production of the sublime and beautiful.

The lofty peaks of the famed Rockies, forming the "Continental Divide," tower skyward and stretch away, snow-capped, in the wondrous vista.

ON every side there is something to interest and inspire the beholder; the richest gold-producing mines on earth are there, and a visit to them will never be forgotten.

In addition to such renowned resorts as Colorado Springs, Boulder, Glenwood Springs, Denver, etc., Colorado has innumerable other points of equal interest and attraction, each affording distinctive features of its own, and each, alone, being worth far more than the cost of transportation to the state to see.

"Visit Colorado now," the land of gold, "the land of health" and the land of glorious scenery.

Hotels are legion, and the vacationist can always find accommodation at a price to suit his pocket book.

The principal points of interest are quickly and conveniently reached via "The Denver Road," the great thoroughfare to "Cool Colorado."
